APRIL 29 - MAY 29

THIRD FLOOR BATH

MONIKA SIEBERT
KAKOSCHKE A.I.D.

M.S.K. DESIGN

This Venetian bathing and reading salon exemplifies the desire to create colourful humour and eclectic,

timeless elegance in an architecturally serious room. With authentic old-world comfort and fresh fantasy elements, this slightly elongated bathroom has become a space enticing guests to visit again and again, if only to gaze at the quotations on the wall or to refresh one's face or hands in the unique glass sink.

A native of Alberta, Monika Siebert Kakoschke received her training in the arts and interior design in the state of Michigan. She worked with several design firms before forming her own company in 1988. In addition to transforming interiors for domestic and commercial clientele, Monika has designed and trademarked a fine line of furnishings entitled "Haus Couture". Monika lectures on design frequently and serves on the Board of Prairie Provinces: National Kitchen & Bath Association, of which she is a member.
